**PUBLIC HEARING:** The Public Hearings for **Street Maintenance District, and Street Maintenance Levies and Assessments** were opened at 6:49 p.m. by Mayor Purcell.

Present at the Hearing were Council Members: Harry Kautzman, Clayton Greer, Tony Maxwell, Karen Molina, Darren Zent, and Jeremy Krebs. City Staff: Finance Officer/City Clerk Michelle Dyckman, interim Public Works Director Rock Massine, Deputy City Clerk Angela Zimmer, City Attorney Jordan Knudsen and several members of the public.

**PUBLIC COMMENT:**

Conrad Yerger asked what the plan was on street maintenance. Dyckman noted the intent is to raise rates 10%. Review of the budget indicates a 30% increase is needed, but it is not ideal to have an increase of that amount at one time. Yerger reported Rocky Mountain Power is \$15,433 delinquent in paying taxes and that is half of what the total increase would be to City residents. Dyckman noted delinquent revenues are not a factor in determining increases. Mayor Purcell added that at the end of the year delinquent revenues cause the street maintenance fund to come out at a loss and when they are paid they "backfill" into the fund. Laurie Tschetter voiced that when they finally pay their taxes the residents do not get a break. Yerger reported he does not have any businesses on his property and he has personally cleaned his road two times this winter and Rocky Mountain Power does not pay their taxes and their roads were cleaned. Krebs voiced that the City doesn't want to raise rates, it is doing as much as it can by trying to dwindle down spending and by pushing off projects. Yerger suggested to deny services to Rocky Mountain Power. He asked if Two Rivers Authority has paid their tax bill. Dyckman noted she will look into it. Krebs asked Knudsen what steps could be taken to get money from unpaid property taxes. Knudsen provided information on the tax lien process. Debbie Winburn asked how much of the street maintenance budget was spent on chip sealing. Dyckman reported the City tries to budget \$80,000 each year for chip sealing projects. There were not any projects this past year.

Tschetter reported her business is seasonal and she is being charged for water even though it is shut off all winter long. Mayor Purcell suggested for her set up a meeting with he and Massine.

There being no further discussion, the Public Hearing was adjourned at 7:24 p.m.

Massine reported paving is expected to begin soon on Terry Avenue. Greer asked if the Ping Parking lot was ready for paving. Massine reported it will be ready this week.

**NEW BUSINESS:**

The City requires dogs and cats to be licensed with the City each year. The application provides verification an animal has been vaccinated against rabies for the safety and health of the public and provides owner information if an animal becomes separated from their owner. Knudsen asked for the licensing penalties to be considered for adjustment. An owner that is ticketed for their dog being "at large" and it not licensed with the City is required to license their pet. The penalty is steep when added to the court fines. Greer suggested a flat penalty and Kautzman suggested \$25.00. An ordinance will be drafted to reflect a flat fee of \$25 if the animal has not been registered by February 1<sup>st</sup>.

Knudsen reported there has been a lot more dog bites this year. State law allows the City to pass its own vicious dog ordinance. Currently there is no way to stop it to protect the public. Council agreed for an ordinance to be drafted.

**PUBLIC COMMENT:**

Mitch Evans provided a summary of a letter he gave to Council. He expressed issues he is having with parking at his residence. He lives near the hospital and clinic and several employees park in front of their residence for the majority of the day. He asked if Council could consider designating a section of the street they live on and also a section of Miles Avenue as residential parking with visitor parking or to have time restrictions.

Laurie Tschetter reported that she had someone come into her park with a load of garbage and asked if they could use her dumpsters. She added she isn't sure what the solution would be. She also noted her concern that the swimming pool doesn't charge an adequate fee for showers to be used at the facility during the Crow Fair. She added that she charges \$8 per shower, Love's Travel Stop charges over \$12 per shower, and the pool could use some of that additional funding for repairs.

**MAYOR:**
