The City of Hardin is incorporated under the applicable laws of the State of Montana and operates under a Mayor/Council form of government. The City provides municipal services necessary for the health and well-being of its citizens, including police and fire protection, code enforcement, streets and drainage, parks, water, wastewater, garbage and landfill services, and necessary administrative services to support these activities.

## SECTION I – GENERAL SPECIFICATIONS (continued)

Based upon the criteria for determining the reporting entity, the City is considered to be an independent reporting entity and has one discrete component unit, the Two Rivers Authority. The City maintains its internal accounting records on a modified cash basis (for budgetary accounting purposes) during the year.

## SECTION II – SERVICES REQUIRED

### A. General

The City is soliciting the services of qualified firms or individuals to audit its financial statements for the fiscal years ending June 30, 2022 and June 30, 2023. It is anticipated that the firm selected to serve as the City's independent auditor will be first considered for two additional fiscal years to be audited. These audits are to be performed in accordance with the generally accepted auditing standards and the standards applicable to financial statement audits of Government Auditing Standards as issued by the Comptroller General of the United States, as well as the provisions set forth in this RFQ.

In addition, the auditor will be required to conduct a compliance audit over major federal award programs in accordance with requirements of the Single Audit Act and OMB Circular A-133, if federal awards expended exceed \$750,000 per fiscal year.

### B. Scope of Work

The City desires the auditor to audit the financial statements to express opinions on the fair presentation of the basic financial statements in conformity with generally accepted accounting principles. The opinion units will include: The City's governmental activities, business-type activities, each major fund, and the aggregate remaining funds.

The entities included in the scope of this audit are those identified in Section One. The combining and individual financial statements and schedules for non-major funds, and other non-required supplementary information schedules will be presented for purposes of additional analysis.

The Management Discussion and Analysis will be presented as required supplementary information, utilizing financial information from audit report to audit report. The auditor will be responsible for applying certain limited procedures, which consist principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, the auditor is not expected to audit the information nor express an opinion on it.

The independent accounting firm should be familiar with the State of Montana statutes dealing with financial matters of Montana Cities and Towns.

### C. Other Considerations

In addition to the opinions on the basic financial statements, the auditor will be required to issue the by-product report on internal control and compliance over financial reporting in accordance with Government Auditing Standards. A separate management letter shall be prepared by the firm setting forth findings and recommendations relative to other internal control findings, fiscal affairs and other significant observations of the accounting firm during the course of the audit. All reports required by the Single Audit Act and OMB Circular A-133 must be provided, if applicable.

The accounting firm will be readily available to answer questions throughout the year and meet with City staff if requested.

## SECTION II – SERVICES REQUIRED (continued)

### D. Working Paper Retention and Access to Working Papers

All working papers and reports must be retained, at the auditor's expense, for a minimum of five (5) years, unless the firm is notified in writing by the City of the need to extend the retention period. The auditor will be required to make working papers available, upon request, to the following parties:

- The City of Hardin,
- Parties designated by the federal or state government or by the City as part of an audit quality review process, and
- Auditors of entities of which the City is a recipient or sub recipient of grant funds.

The auditing firm will prepare confirmations. City-wide Departments will be available during the audit to assist the audit firm by providing information, documentation and explanations.

The City will provide the auditor with reasonable work space, desks and chairs. The auditor will also be provided with access to all telephone lines and photocopying facilities.

The auditor will be responsible for providing any proposed adjusting entries to the City staff for review and acceptance. The audit firm will also provide a list of immaterial audit differences not proposed for adjustment. Once the audit is completed, the audit firm will supply the City with a digital copy and 10 hard copies of signed audit opinions and related reports. These reports must be submitted within a reasonable amount of time to be completed and filed per State and Federal regulations.

The firm may be required to present the final report to the Hardin City Council.
